1. By reviewing our [website](#), [our framework materials](#), please come prepared to answer the following:

- In 25 words or less, the P20 Council is:

In general, P20 is focused on these categories of the educational continuum and workforce pipeline.

As you think about these categories of P20’s general directions, [here is a link](#) to a document outlining some ideas about the reciprocal benefits and interdependent nature of the Council that we will be discussing in greater detail during our time together at the meeting. I encourage you to brainstorm edits and additions to this by keeping these two questions at the forefront:

2. The regional network of the P20 Council can help **MY** organization /institution address these categories by:_____
 - (i.e. what can P20 do for my organization/institution?)
3. My organization/institution can contribute to **OUR** regional network of P20 in our collective approach to address these categories by:_____
 - (i.e. what can my organization/institution do for P20?)
